Result of examination:

The submitted evidence was searched through the appropriate sections of the Anonymous Letter File without effecting an identification. Copies will be added thereto.

The handwriting on specimens Q2 and Q6 was written by the same writer.

No indented writings of value were noted. Specimen Q6 contains a portion of a watermark which appears to be an "Ideal EXECUTIVE BOND RAG CONTENT." Watermarks containing the word "Ideal" are produced by a number of manufacturers. No other characteristics were noted on specimens Q1 through Q8 which would aid in identifying the immediate source of the material.

The typewriting on specimens Q3 and Q8 most closely corresponds to an IBM type style spaced approximately ten letters to the inch.

The submitted evidence, which has been photographed, will be returned separately.

Result of examination:

Similarities were noted in the hand printing on specimens Q45, Q48 and Q51 which indicate that these items may have been prepared by the same person who prepared the hand printing on certain items submitted previously in this case of which specimens Q9, Q31, Q36, Q40 and Q42 are representative.

It was concluded that specimens Q47, Q50 and Q53 were prepared from the same master as used to prepare certain specimens submitted previously in this case of which specimens Q33, Q39 and Q44 are representative.

The typewriting on specimens Q50, Q53 and Q55 most closely corresponds for an IBM type style spaced approximately ten letters to the inch. The typewriting on these items is similar in style and size as the typewriting on certain items submitted previously in this case.

BACKGROUND: This relates to extortion investigation wherein letter dated 1/19/74, received by Immigration and Naturalization Service (INS), Minneapolis, Minnesota, from [redacted] also known as "The General." Letter indicated in part U. S. Attorney General on a death list.

Attached from our Los Angeles Office advises [redacted] well known to Los Angeles investigative agencies. Postal Inspector, Los Angeles, advised [redacted] has been writing senseless and meaningless letters for past three years but to his knowledge has not to date forwarded threatening letter. [redacted] has been mental patient Camarillo, California, mental hospital on two occasions and Postal Service presently investigating [redacted] for mailing of letters without prepayment of postage.

[redacted] interviewed 2/7/74, by Los Angeles Agents, would not admit to writing letters but advised International Academy, a religious research and charity organization of which he is the founder and president, created for purpose of obtaining custody of his son who was taken away by a conspiracy of organized crime to be murdered, responsible for letters. Organization wrote and sent numerous letters including that directed to U. S. Department of Justice, the Attorney General. [redacted] also advised three psychiatrists testified "I'm crazy" (Bureau files indicate [redacted] known to Bureau and numerous field divisions since 1963 as result of hundreds of letters directed to prominent persons and business enterprises).

Assistant U. S. Attorney, Los Angeles, advised of current extortion letter directed to INS and declined prosecution since communications are advisory rather than threatening.

Attorney General and Secret Service Headquarters, Washington, D. C., being advised.
